Morning:	1.	
Afternoon:		

*** You can choose more than one roommate but the price still remains \$125**

WORKSHOP OPTIONS:

- 1) **Understanding the Connection Between Lordship & Discipleship:** Lordship is not a word you will find in Scripture, yet Jesus taught quite extensively on it. In this workshop, we will look at passages that define what Lordship is and understand its necessity in the Christian life. We will identify common Lordship issues for women and dialogue about how help other women understand the need for surrendering to Christ in every area of her life. - Kristina Jensen
- 2) **The Word & Discipleship: The Word & Discipleship:** The Scriptures are a non-negotiable for women who desire to be spiritually healthy, yet making the Word of God a part of a young disciple's daily life is one of the hardest things to do. This workshop focuses on how to help another build conviction for the Word with practical tools to help her grow and a discussion of what a lack of the Word could produce in her life. - Liz Hile
- 3) **Listening to Jesus:** This workshop is designed to deepen your prayer life. We often come to Jesus with our list of concerns and, on a good day, maybe some praise as well. But, we do not often stop and listen to what Jesus might want to communicate to us. Jesus longs to communicate with us in ways that will minister to our deep heart. He longs to come along side us in the painful and difficult places, in our deepest longings. This workshop is designed to help you hear Jesus speak to you. - Marcia Deal
- 4) **Practical Discipleship:** What Next? Where do you begin in a new discipleship relationship? What sort of things should you be talking about? What might you hope to develop in another woman's life? Join us as we discuss ideas and resources for getting started, and tools to help you go deeper. - Mindy Clemons

Please mail Checks and Registration forms to address below no later than June 13, 2014:

(Make checks payable to "The Navigators")

Tom Hess
5954 Chinas Ct
