FEATURING **REGI CAMPBELL**

Over the past 30 years, Regi Campbell has been involved in founding 15 companies. His first business was recognized as INC Magazine's 39th fastest growing private company, and he was once selected as "High Technology Entrepreneur of the Year" for the state of Georgia. He also was involved in the launch of North Point Community Church in Atlanta.

In 2000, Regi started mentoring younger men in small groups. Called "Radical Mentoring Groups," over 100 young men have been challenged to live God-centric lives and to invest in others to do the same. In 2007, he founded Radical Mentoring which seeks to inspire and equip older, wiser men to start similar groups. At the core of Regi's mentoring is the call to become an "all in" follower of Jesus Christ and to "love your wife as Christ loved the church and gave Himself up for her."

Regi and his wife Miriam make their home in Roswell, Georgia, just north of Atlanta. They have two married children and 5 wonderful grandchildren. He blogs regularly at radicalmentoring.com.
